and philanthropist.**

Title King

Dr. Himmat Bhardwaj

Popularly called the

Memory King ↵

Calculator King ↵

Memory ka Maharathi ↵

Yaddasht ka Baadshah ↵

World's Greatest Memory Man ↵

The Maths-Memory Wizard etc. ↵

WORLD RECORD **Breaker**

- Created 29 world records and 7 national records in the memory and calculations categories.
- One and the only person on the earth, who recollected all the 118 elements of the periodic table in just 21.62 seconds.
- Only human in the world, who calculated the cubes of all the numbers from 1 to 100 within 1 minute 48 seconds 84 nanoseconds, without the use of pen, paper, or any other aid.
- Created world record by calculating square roots of 10 randomly selected numbers up to 10 decimal places, within 54.50 seconds in the 'India Book of Records' office.
- Broke the Limca Book of Records' previous record by calculating the powers of 2(30 times) in 32 seconds and the powers of 3 (20 times) in 33.97 seconds.
- First and the only person, who created five world records in a single day. Accomplished this in the presence of a distinguished audience that included prominent personalities, bureaucrats, media personnel, etc.

PASSIONATE AND PROACTIVE LEADER

Believes in creating more leaders by sharing all his knowledge with his students.

Some of the students he trained are:

- Vishesh Jakher, who at an early age of 6, achieved the world record for “Youngest Person to Recite the Periodic Table”. He recollected 118 elements of the periodic table in the forward order in 38 seconds 69 nanoseconds.
- Vicky, who at the age of 8, achieved 2 world records in a single day. He did the square root and cube root calculations with the highest speed.
- Komal, who calculated the square of all the numbers from 1 to 100 within 1 minute 16 seconds, and 53 nanoseconds.
- Gaurav, who recollected 620 districts of India in 3 minutes 58 seconds, and 28 nanoseconds.
- Riya, who recited 199 countries and their capitals in 1 minute 17 seconds, and 19 nanoseconds.
- Nitin, who calculated 25 random cubes in just 37 seconds 62 nanoseconds without any aid.
- Ritik, who accurately solved the addition of 6 rows of 15 digits in 1 minute 3 seconds, and 22 nanoseconds.

OUTSTANDING INVENTOR

- Invented unlimited years calendar, multiple magic memorizing cards, multiple magic memorizing games, memory watch, memory home, etc.
- Discovered a scientific memory management system to retain and retrieve more than 1000 words, by listening and reading a single time, with a speed faster than a computer.
- Invented Memory Maths Lab.

SKILLED ENTREPRENEUR

- Founder & CEO of Adbhut Brain.
- Founder & President of Pratishtha World Records.
- Creator of Vedic Maths Mastery, Memory Mastery, Calendar Mastery and Study Mastery courses on Indian Skills Academy.
- Chairman of PRS Group of Schools.

LEADING MEMORY AND MATHEMATICS TRAINER

- Can tell about the date and day of any year starting from 1 to infinity, with lightning speed. That's why known as "Human Calendar for Unlimited Years".
- Directing a major project of Reliance Model Economic Township Limited, under which maths and memory workshops are conducted in government senior secondary schools.
- Conducts regular seminars and workshops in the top-most universities and schools of India, including Ramanujan College (Delhi University), SCERT, Haryana, Central University of Haryana, Indira Gandhi University, Shri Vishwakarma Skill University (SVSU), Bhagat Phool Singh Mahila Vishwavidyalaya, Delhi Sanskrit Academy, M.R.K. Institute of Engineering & Technology, Sainik School, Bal Bhawan, Rewari, Sainik School, RPS School, Starex International School etc.
